Idle heroes celestial island guide reddit.

In addition, I would be interested in something belonging to the best way to increase growth using the travel vessel. Is there anything showing maximum mining and statues? -> Start an adventure directly? Numbers below are the stone of empty necessary to upgrade to the next enemy level, because I can not find any guide like this anyway. Hey guides, are there guides for the new IC? -> etc.Thanks in advance! Emparallax here and I finally decided to face the celestial island, creating a complete guide video that goes through everything, from the construction basic construction and monsters, the island build and update the priority O, boss and monster strategy and more! :) Taking a step back, I wanted to make a guide that can be used in any stage in the game and that included all the information you need to make your own choices, so I can hope to help All you avoid the terrible decisions I made at the beginning! XD If you watch the video, you will see that my islands are completely different than I recommend, and it is because I made a fatal assumption that led me along the way completely wrong. Lamento, as my gramotic is a shit, so I will copy the phrase from playidleheroes.com just for reference to what I am saying. Save enough stone of emptiness so that you can update the clock tower and the Sacred relapses for the maximum level interval. For example, if your tower level is 4, save you enough void stone so you can update the clock tower to 7 and maximize all driving damage, HP increasing: buildings. youtube.com/watch? ... I hope that with this guide & tl guide; Dr I can help others avoid the same fate or at least reassure them that they already knew what they were doing! : P If you're interested, take a look at the link Below or go right into the TL; DR!
